URGENT

№ 103

The Embassy of the Russian Federation to the Lebanese Republic presents its compliments to the Ministry of Foreign Affairs and Emigrants of the Lebanese Republic and draws attention to some attempts to launch an anti-Russia campaign and politicize the work of the 12th Ministerial Conference of the World Trade Organization (June 12-15, 2022).

The Russian Federation is concerned with a high risk of a failure of the WTO Ministerial Conference due to suggestions by some countries to mention the Ukrainian issue in its final documents, which is not related neither to the WHO activities nor its mandate. Russia believes that it is necessary to join efforts in order to keep its substantial work away from political discussions.

Taking it into consideration the Russian Side urges the Lebanese Republic to stand against the attempts to limit one's rights or interests in the WHO and politicize its work.

The Embassy avails itself of this opportunity to renew to the esteemed Ministry the assurances of its highest consideration.
